- Report ICE sightings and activities to trusted organizations. Do this in Santa Clara County by calling the Amigos de Guadalupe Rapid Response hotline. This helps alert vulnerable immigrants so they can avoid interactions with ICE.
 - Use the SALUTE protocol (pages 3-4) to collect key details. This ensures that reports are clear, specific, and verifiable by community organizers.
 - Be accurate and cautious. Avoid spreading fear by mistaking police or other city agencies for ICE. DO NOT post unverified sightings on social media.

ICE CAN DEPUTIZE OTHER FEDERAL AGENTS TO DO THEIR WORK. HERE ARE SOME AGENCIES THAT YOU MAY SEE.

Report them to the Amigos de Guadalupe Rapid Response Network:

ICE: Immigration and Customs Enforcement

DHS: Department of Homeland Security

CPB: Customs and Border Protection

HSI: Homeland Security Investigations

ATF: Bureau of Alcohol, Tobacco, Firearms and Explosives

"Federal Agent:" These agents may also be in plain clothes with weapons and ballistic vests.

SOME OTHER THINGS TO KEEP IN MIND:

- Don't discuss activism while observing, photographing, or recording ICE.
- Don't post photos or videos on social media that show the faces of people being detained.

•As part of our goal to keep our neighbors safe, we want to make ICE and the people who work for ICE feel uncomfortable and to send a clear message that they are not welcome in our communities. Observing, photographing, and recording them is a powerful way to show resistance. The more visible and unwelcome their presence becomes, the less desirable it will be to work for ICE — making it harder for them to carry out arrests.
